

Tomislav Brezinscak

Tomislav Brezinscak
Partner

- Tomislav is a Managing Partner at the McKinsey Zagreb and Belgrade offices
- Since joining the firm in March 2007 he has served clients mainly on transformational topics across different industries, including Public Sector and SOEs

Experience

Insurance

- Design of end-2-end transformation/restructuring of Rail Infrastructure player in SEE, including bottom up planning of improvement initiatives, quantification and phasing of impact, and master implementation plan
- Transformation of the largest civil court in Europe by focusing on optimizing back-office activities and increasing productivity of judges in the litigation department
- Design and run full post privatization transformation for one of the leading insurance players in CE. Support also included identification of growth opportunities in both life and P&C product portfolio (including design of new products and pricing)
- Supporting the petroleum client on improvement initiatives in procurement, downstream and maintenance. Special focus on optimization of subcontractors costs in maintenance as well as optimization in procurement of fuel boosters and additives
- Definition of a new 5-year investment strategy and optimization of organizational setup for a leading Private Equity. Special effort done in market assessment and identifying opportunities in telecommunication and banking sector
- Organizational and functional development of new credit risk management unit in a leading EE financial institution
- Conducting a transformation program for the OTC division of a pharmaceutical company in Germany

Education

- Prior to joining McKinsey, Tomislav Brezinscak was a Supervisor at KPMG Audit Services.
- Tomislav Brezinscak obtained MBA degree at London Business School
